

NWSEO 2014 Elections – List of Delegates and Votes per Branch

(September 17, 2014) The 2014 NWSEO Elections will take place at the NWSEO National Convention in Kansas City on October 26 and 27. This is a Sunday-Monday convention.

This year, we are posting on <http://nwseo.org/convention.php> the names of the delegates from each branch. Please review this important information and report any updates and corrections to the Credentials Committee Member identified on the list. The delegates will attend the convention and vote on the issues on the convention agenda and participate in voting during this year's election of NWSEO Regional Chairs and Vice Chairs.

A delegate holds one vote for each NWSEO member in the branch represented. On the lists below, you will see the number of votes available at the branch the delegate who represents it. Please keep in mind that the delegate may not cast all of the available votes because any NWSEO member who attends the convention is entitled to cast their own vote (thus reducing the number of votes that the delegate will cast).

If a delegate cannot attend the convention, the alternate delegate will cast the designated votes for the branch.

These preliminary results are subject to the NWSEO members in attendance at the NWSEO Convention. Each region's page will be updated weekly as the votes for delegate are certified by the NWSEO Elections Credentials Committee.

The annual convention is open to all NWSEO members. You are encouraged to attend, participate in discussions and vote. If you attend the convention and are not a delegate you will cast your own vote and the delegate for your branch will have one less vote to cast on behalf of your branch. For more information on the NWSEO elections and the National Convention, please read the Elections Letter.

To submit updates, corrections or changes to the delegate lists or branches, please contact the Credentials Committee Representative listed on that specific region's Delegate Count Page by Friday, October 24, 2014.
