NWSEO-NWS Alaska Region ROC MOU
February 8, 2017

Management and NWSEO agree to the formation of an Alaska Regional Operations Center (ROC) at the Sand Lake Facility in Anchorage, Alaska. The ROC initially consists of personnel as described in the national MOU of 9/15/16. It is agreed that the ROC office space will be located in the “middle room” of the Sand Lake Facility, previously occupied by the WFO Anchorage ESA, the Assistant ESA etc.

As part of this agreement the parties agree that there will be the goal that each forecast entity in Alaska Region (WFO Anchorage, WFO Fairbanks, WFO Juneau, NTWC, APRFC, CWSU, AAWU) have a rotation through the ROC of at least one month per year in order to give field personnel operational training on DSS and familiarity with the ROC duties and support. Assignment of employees to rotate through the ROC shall be subject to management discretion considering field staffing levels and budget.
